

client.h

```
graph BT; chat.cpp --> message.h; message.h --> client.h
```

The diagram illustrates a vertical dependency structure. At the bottom is a white box labeled 'chat.cpp'. A blue arrow points upwards from 'chat.cpp' to a white box labeled 'message.h'. Another blue arrow points upwards from 'message.h' to a gray box labeled 'client.h' at the top.

message.h

chat.cpp
